

Tamejiro Hiyama

Professor of Research Development Initiative, Chuo University

Educational Experience:

Bachelor of Engineering Kyoto University, March 1969
Master of Engineering Kyoto University, March 1971
Doctor of Engineering Kyoto University, September 1975
Postdoctoral Research at Harvard University, Sept. 1975-Aug. 1976
work with Professor Yoshito Kishi

Professional Experience:

1972-1981 Associate Professor, Kyoto University, Faculty of Engineering
1981-1983 Research Fellow, Group Leader, Sagami Chemical Research Center
1983-1988 Senior Research Fellow, Group Leader, SCRC
1988-1992 Executive Research Fellow, Group Leader, SCRC
1992-1998 Professor, Research Laboratory of Resources Utilization,
Tokyo Institute of Technology
1997-2010 Professor, Kyoto University
2010– Professor Emeritus, Kyoto University; RDI Professor, Chuo University

Award: The Chemical Society of Japan Award for Young Chemist, April 1980
Convention Intercantonale Romande pour l'Enseignement du 3e Cycle en Chimie (Swiss)
1994
Bull. Chem. Soc. Jp. Award, September 2001
The Japan Liquid Crystal Society Award, September 2004
The Society of Synthetic Organic Chemistry of Japan Award, February 2007
The Chemical Society of Japan Award, March 2008
Böhringer Ingelheim Lectureship, April 2010
Bull. Chem. Soc. Jp. Award, June 2010
Humboldt Award, March 2012

Research Interest:

New Organometallic Reagents and Reactions for Selective Organic Synthesis, Organofluorine and Organosilicon Chemistry, Synthesis of Biologically Active Substances, Design and Synthesis of Molecules and Materials of Novel Function

Membership in Professional Societies:

The Chemical Society of Japan **Director (1996–1998; 2002)**,
Editor of *Bull. Chem. Soc. Jpn.* (1994–1996); Vice President (2003); Editor-in-Chief of *Quaternary Chem. Rev.* (1998–2001);
Editor-in-Chief of *Chemistry Letters* (2004–2012); Chairman of Ethics Committee (2012–)

The Society of Synthetic Organic Chemistry, Japan

Editor of the Journal (1981–1983); Director and Head of Scientific Program (1994–1996); Director (2003–2004)

The Kinki Chemical Society **Director (1999–2002), Vice President (2003–2004), President (2005–2007)**

The Committee on Chemistry Creating Organic Compounds with Novel Functions,
Japan Society for Promotion of Science **Secretary of Division I (1992–1998), Executive Secretary (1997–2006),**
Vice-Chairman (2007–2011), Chairman (2011–)

The Society of Silicon Chemistry, Japan **Director (2000–)**

The Japanese Liquid Crystal Society **Director (2001), Vice President (2002, 2008), President (2009–2011)**

The American Chemical Society

The Royal Society of Chemistry, CChem FRSC
