

# Introduction of Spectroscopy group

Date: 1/23(Tue), 24(Wed)

Time: 2 -3 pm

Place : Rm. 5315

Keywords of our research

- Microscopic spectroscopy
- Photocatalysis
- Photoresponsive liquid crystals and polymers
- Small-scale experiment
- Micro-reactor
- Dye-sensitized solar cells
- Integration of measurement techniques and statistical analysis  
(Sparse modeling, Data assimilation, Mode decomposition)
